## **Grace to You – Lenten Reflections for Individuals and Groups**

Lent calls us to metanoia, to turn around our lives, to let go and let God with an attitude of openness, vulnerability and trust. This requires an awakening, a deeper interior awareness and attentiveness to God's ever-present gift of grace. To assist us with this attitude of awareness, attentiveness and awakening *Grace to you* provides us with two

'spiritual companions' on the journey to Easter – Sr Helen Dyson OSU and Fr Chris Gleeson SJ. For the first, third and fifth weeks, Helen has provided reflections and questions for the Jewish scriptures as well as the gospels, while Chris has written reflections on the readings from Paul's letters for the second, fourth and sixth weeks. Just as each person who engages with this resource has a different history and life-story, our two 'spiritual companions' write from their own unique perspective and personal experience. For each week of Lent *Grace to you* provides: an opening prayer; a selection of the Sunday scriptures; scripture reflections; reflection/discussion questions; and closing prayer. There is an attractive poster available to promote the program in your parish or school. See the web page for other promotional materials. 64 pages.

(Set of 2 CDs)
